

NEW INDIAN SCHOOL, MANGAF - KUWAIT

Circular: PC/062/22

Date: 23.04.2022

Dear Parents,

Greetings from NIS!

Please be informed of the following.

Additional Section: We are happy to announce the creation of additional sections in grades 2 and 3 due to increased student strength in these classes. The creation of additional sections will help the teachers to pay individual attention to your kids. Tomorrow, (24-4-2022) the new class teacher will contact the parents of the students shifted to the new sections. (2C and 3C). We request the parents to cooperate in this regard.

Origami: We are happy to start our activity schedule to ensure the all-round development of our students. Accordingly, we have arranged **origami** activity for classes 1 to 3 on 28-4-2022. Origami will help the students in better hand- brain coordination. Transforming a flat piece of paper in to a three-dimensional figure is a unique exercise that develops reasoning / mathematical skills in children. Therefore, encourage the students to participate in the activity. The class teachers will get back to you with more details on the same.

Show & Tell: To improve the speaking skills of our students we have organized **Show & Tell** competition for the students of classes 1 to 3 on 8-5-22. This competition gives an opportunity for the students to stand up in front of their classmates and speak about a topic that interests them. The students will be assessed on the basis of their confidence, fluency, body language, expressions/gestures, eye contact etc. Slowly and gradually activities of this kind will add to the confidence of the students. Therefore, again a reminder for the parents to prepare the children for every activity announced by the school and not preparing them only for tests and examinations.

Regards,

Anita Sadanand

Principal
