

NEW INDIAN SCHOOL, MANGAF-KUWAIT

Circular: PC/110/22

Date: 24.11.2022

Dear Parents,

Greetings from NISI

Its Autumn season! Nice Weather for outdoor activities. But simultaneously studies of our children should not get neglected. They need to balance study time and play time. We keep reminding the students about this in the school. We request the parents also to ensure that daily children will study, atleast, for 2 hours in the evening. If this becomes a regular practice for the students, there will not be any exam related stress, tension or phobia. They will enjoy their schooling.

Second Periodic test is going to commence on 7th December. Kindly go through the date sheet given below.

SECOND PERIODIC TEST: 2022-23
